I am Computer Engineer with passion for software development. My background in various technical fields equipped me with problem-solving skills, adaptive reflexes and a holistic approach in technical problems. I am currently working in my dissertation in Computer Engineering and looking for ways to leverage my skills and gain more knowledge in the different fields that pique my interest.

Work Experience

Electronic components assembly specialist / RnD specialist | 2019-2024
SmartMoto Electronics

Developing and Manufacturing electronics, looms and accessories for motorbikes

- Manufacturing wiring looms and accessories
